# Dance & Academic programme

## Upper school - Pre-professional DNSP programme

### Boarding facilities

At the PNSD Rosella Hightower campus, our dormitory includes 65 double rooms: 50 of them are recently renovated, each one with its own private bathroom and toilets; other 15 rooms are located in the brand-new building, inaugurated in September 2015 (double rooms with shared bathrooms).

Young students are supervised 24/7.

Rooms are mainly reserved to the underage students of the Dance & Academic programme and the Upper school - pre-professional DNSP programme. 18 years-old students and older can request a room if available, but they will not have the priority.

### Private individual lodging

The school can suggest several private apartments that are for rent at affordable prices: apartments are located nearby the school.

Please note that the school will only help with the research of an accommodation but will not get involved in the relations between owners and renters.

#### Note:

- The school campus is completely closed during Christmas Holidays
- Students who wish to stay on full board in the campus during school holidays will be charged with additional fees.
